

New Source Review newspaper advertisements for construction permit applications, June 26, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: June 24, June 25, or June 26, 2008. Public notices are generally published every two weeks. The previous publication of public notices was June 12, 2008.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Lowe's Home Center's, Inc. with a mailing address of P.O. Box 1111, North Wilksboro, NC 28656-0001. They seek to obtain an air contaminant permit (Division identification number 27-0212-01/62052) to construct an Emergency Stand-by Diesel Generator operation at 15471 S. First Street, Milan, TN 38358. This operation consists of a Model 350REOZDC Detroit Diesel-powered Generator Set. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. There would be regulated air contaminants emitted by this source. Ms. S. Kaiser is the assigned Division person.

The applicant is Lowe's Home Center's, Inc. with a mailing address of P.O. Box 1111, North Wilksboro, NC 28656-0001. They seek to obtain an air contaminant permit (Division identification number 36-0106-01/62053) to construct an Emergency Stand-by Diesel Generator operation at 1865 Wayne Road, Savannah, TN 38372. This operation consists of a Model 350REOZDC Detroit Diesel-powered Generator Set. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. There would be regulated air contaminants emitted by this source. Ms. S. Kaiser is the assigned Division person.

For the Hardin County *Courier* -- published once on or before Thursday, June 26, 2008

---

The applicant is Manufactured Methane Corporation with a mailing address of 10215 Technology Drive, Suite 301, Knoxville, TN 37932. They seek to obtain an air contaminant permit (Division identification number: 37-0134-01/62034) for construction of a landfill gas processing facility located at 2825 Carters Valley Road, Church Hill, TN 37642. This proposed operation would consist of extraction and purification equipment to extract methane from raw landfill gas. A thermal oxidizer would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. T. Blake is the assigned Division person.

The applicant is Lowe's Home Center's, Inc. with a mailing address of P.O. Box 1111, North Wilksboro, NC 28656-0001. They seek to obtain an air contaminant permit (Division identification number 45-0143-01/62058) to construct an Emergency Stand-by Diesel Generator operation at 638 E. Broadway Blvd., Jefferson City, TN 37760. This operation consists of a Model 350REOZDC Detroit Diesel-powered Generator Set. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. There would be regulated air contaminants emitted by this source. Mr. D. Warden is the assigned Division person.

For the Jefferson County *Standard-Banner* -- published once on or before Thursday, June 26, 2008

---

The applicant is NGK Metal Corporation with a mailing address of 917 US Highway 11 South, Sweetwater, TN 37874. They seek to obtain air contaminant permits for sources located at the same address, as follows:

(1) Wrought Dry Machining Operation (Division identification number 62-0057-11/61994). This proposed operation would consist of several machines and associated equipment used to machining of copper beryllium alloys. A cartridge collector would be used for pollution control equipment. There would be physical construction. Regulated air pollutants would be emitted by this source. Mr. M. Baghernejad is the assigned Division person.

(2) Wrought Wet Machining Operation (Division identification number 62-0057-12/61995). This proposed operation would consist of several machines and associated equipment used to machining of copper beryllium alloys. A mist collector would be used for pollution control equipment. There would be physical construction. Regulated air pollutants would be emitted by this source. Mr. M. Baghernejad is the assigned Division person.

For the Monroe County *Advocate* -- published once on or before Thursday, June 26, 2008

---

The applicant is Eubank, LLC with a mailing address of P.O. Box 190, Charlotte, TN 37036. They seek to obtain an air contaminant permit (Division identification number: 63-0261-01/61750) for construction of a Hot Mix Asphalt plant located at 310 Dover Road, Clarksville, TN 37042. This proposed operation would consist of sand and crushed rock stockpiles, rotary aggregate dryer with attached mixing chamber, and associated equipment used to produce hot-mix asphalt. Natural gas would be used for fuel. A baghouse and wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. D. Wright is the assigned Division person.

For the Montgomery County *Leaf-Chronicle* -- published once on or before Thursday, June 26, 2008

---

The applicant is Citizen Gas Utility District of Scott and Morgan Counties with a mailing address of P. O. Box 68, Deer Lodge, TN 37726. They seek to obtain an air contaminant permit (Division identification numbers: 65-0051-02/61958 for construction of a Natural Gas Compressor with a Natural gas Engine located at Burrville Road, Sunbright, TN 37872. This proposed operation would consist of a 160 HP natural gas compressor with a natural gas internal combustion engine, and associated equipment used to transfer natural gas to different location through gas pipeline. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Baghernejad is the assigned Division person.

HEADER

The applicant is Lowe's Home Center's, Inc. with a mailing address of P.O. Box 1111, North Wilksboro, NC 28656-0001. They seek to obtain an air contaminant permit (Division identification number 72-0129-01/62054) to construct an Emergency Stand-by Diesel Generator operation at 3535 Rhea County Highway, Dayton, TN 37321. This operation consists of a Model 350REOZDC Detroit Diesel-powered Generator Set. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. There would be regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the Rhea County *Herald-News* -- published once on or before Thursday, June 26, 2008

---

The applicant is Vulcan Construction Materials, L. P with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number 78-0011-02/62019) to construct a proposed Screening Operation at 1138 Park Road, Sevierville, TN 37901. This proposed operation would be made-up of a portable screen, and associated equipment and would be used to size rock at a rock crushing operation. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Baghernejad is the assigned Division person.

For the Sevier County *Mountain Press* -- published once on or before Thursday, June 26, 2008

The applicant is Lowe's Home Center's, Inc. with a mailing address of P.O. Box 1111, North Wilksboro, NC 28656-0001. They seek to obtain an air contaminant permit (Division identification number 82-0428-01/62059) to construct an Emergency Stand-by Diesel Generator operation at 2324 West Stone Drive, West Kingsport, TN 37660. This operation consists of a Model 350REOZDC Detroit Diesel-powered Generator Set. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. There would be regulated air contaminants emitted by this source. Mr. D. Warden is the assigned Division person.

For the Sullivan County *Kingsport Times-News* -- published once on or before Thursday, June 26, 2008

---

The applicant is Charles Blalock & Sons, Inc. with a mailing address of P.O. Box 4750, Sevierville, TN 37684-4750. They seek to obtain an air contaminant permit (Division identification number 15-0119-01/62080) for construction of a Portable Rock Crushing Operation located at 601 Rankin Road, Newport, TN 37821. This proposed operation would consist of crushers, screens, conveyors, and associated equipment used to crush stone to produce sand. The crushers would be powered by two # 2 fuel oil internal combustion engines. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Baghernejad is the assigned Division person.

For the Cocke County *Newport Plain Talk* -- published once on Wednesday, June 25, 2008.

---

The applicant is Minco, Inc., with a mailing address of 510 Midway Circle, Midway, TN 37809. They seek to obtain an air contaminant permit (Division identification number: 30-0129-01/61928) for modification of an

existing Fused Silica Production Facility located at the same address. This existing operation consists of blending and screening equipment used to produce fused silica. The requested modification is to add a pneumatic conveyor to reclaim and reuse the unused portion of sand from its fusion process. A baghouse is used for pollution control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. M. Baghernejad is the assigned Division person.

For the Greene County *Greeneville Sun* -- published once on Thursday, June 26, 2008.

---

The applicant is Vulcan Construction Materials, L.P. with a mailing address of P. O. Box 7, Knoxville, TN 37901. They seek to obtain modification to an air contaminant permit (Division identification number: 32-0088-01/62079) for replacement of the Primary Jaw Crusher located at 4375 McClister Road, Morristown, TN 37814. Wet suppression would be used for pollution control. There would be some physical construction. Regulated air contaminants would be emitted by this source. Ms. S. Shajikumar is the assigned Division person.

For the Hamblen County *Citizen Tribune* -- published once on Wednesday, June 25, 2008.

---

The applicant is Dolphin Waterslides, Inc. with a mailing address of P.O. Box 486, Adamsville, TN 38310. They seek to obtain an air contaminant permit (Division identification number: 55-0109-01/62081) for a Reinforced Plastic Composites Production Operation located at 219 Duren Industrial Drive, Adamsville, TN 38310. This existing operation consists of a spray booth and associated equipment used to manufacture fiberglass waterslides for residential purpose. Exhaust filters are used for air pollution control equipment. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Sarosh Kaiser is the assigned Division person.

For the McNairy County *"Independent-Appeal"* -- published once on or before Thursday, June 26, 2008.
